

# ASPIRE Executive Coaching

**Opportu provides your top talent with a high impact experience like no other.**

Your Opportu coach is your true ally and strategic partner, there to help you and/or your team get to that next level of success. We're here to help you transform the outcomes for individuals and teams in your organization with a growth-mindset, human-centered, trauma-informed approach. We go deep, acting as powerful human mirrors with "detached engagement" and providing essential tools for employees to reflect on insights and get to the core of individual and collective professional challenges.

Coaching is offered at various levels, from emerging individual leaders to the C-suite, and the group/team level, from two people up to large groups or entire departments.

## **We offer:**

- A structured yet customized coaching engagement that explores why, what, and 'what's next' of thoughts and behaviors
- A coach that 'gets it' -- because Opportu's team is diverse and business savvy by design, we can provide a talented and seasoned coach who is an excellent match
- Proprietary Opportu 360 Feedback and Values Assessments -- we gather critical, relevant feedback from the coachee's colleagues and stakeholders
- A transition to self-coaching mode at the end of the engagement

## **We'll Ensure a Great Match for a Powerful Outcome**

Studies show that a high impact coaching engagement starts with a strong match between coach and coachee – we have a diverse team of talented coaches with various specialties, experience and areas of focus, so your top talent will be sure to find the coach that fits their style and personality.
