

The BRILLIANT Program

Executive Presence, Presentation Skills and Adaptive Communication

Modern Leaders Are More Visible Every Day. Every Leader Needs to Become a Brilliant Presenter.

Introvert? Extrovert? Love presenting? Hate it? No matter where you are at with executive presence, communication and presenting skills, there is always something to learn or improve. The BRILLIANT Program offers a unique combination of increased confidence and comfort in front of an audience, improved "technical" and physical presenting skills, as well as the ability to communicate in both rehearsed and impromptu situations.

Individualized & Group Program Components

- A values-based approach: executives draw from a place of personal strength
- Personality assessment (Facet5) to increase self-awareness and tune the approach
- Physical (somatic) and appearance training/optimization - in front of the room, or on Zoom
- Confidence-building is essential: go from fear to fantastic
- Flexible presentation content structure: hallway chats to a keynote speech
- Series of video recordings of participants with in-depth assessment and reviews
- Rigorous live "ad hoc" and Q&A training, with instant audience feedback
